

TESTIMONY

Testimony of Lanell Savage

My name is Lanell Savage. I am 11 years old. I am in the 5th grade at Harriet Tubman Elementary school. Before I joined Kid Power, I was in the girl scouts after school. All we talked about was selling cookies. We didn't do much else. They didn't care about our health. Kid power cares about our health. I think Kid Power is important because people care about us and are responsible for us. We also didn't get to travel with the Girl Scouts. We travel to many different places with Kid Power. We get to go museums, the monuments, and other places to take classes and have tutoring. At one museum I learned that you can make art from anything. This is folk art and we made our own piñatas too.

Being in Kid Power I have learned how to be more responsible for myself and my actions. I have also learned that I need to improve my attitude because sometimes I am too negative. Since I have been in Kid Power, I have been a lot nicer to people. I still get into some fights, but I get into a lot less now.

I want Kid Power to continue to have good staff and to be able to travel more. I want us to go camping and go on more trips. I want to go to the park, the movies, the pool, and more museums.
